31. Small arms

During 2016 and 2017, the Security Council held one meeting in connection with the item entitled “Small arms.” At the meeting, which was held on 18 December 2017, the Council was briefed by the High Representative for Disarmament Affairs.

Following the briefing, Council members focused their statements on the challenges created by the illicit flows, excessive accumulation and misuse of small arms, light weapons and their ammunition, which

contributed to the exacerbation of conflict and violent extremism.³³⁰ The increased number of links between the trafficking of small arms and transnational organized crime and terrorism was particularly highlighted as one of the trends of highest concern threatening peace and security. More information on the meeting, including on participants and speakers, is given in the table below.
